**Item 4**

Document [NAMMCO/FAC-June/2015/2](#) contains the draft background document prepared by the Secretariat. The Committee should identify gaps and missing information, and at this stage member countries should actively submit relevant information.

**Item 5**

Document [NAMMCO/FAC-June/2015/3](#) contains a list of international conferences and meetings that may be possible arenas for presenting the message.

At the last meeting the Committee agreed to ask Norway to investigate the possibility of getting expert help from the communication /information department in the Ministry, update?.

The Committee needs to identify what kind of expert help is needed to develop the message and a communication strategy. Members are asked to bring suggestions to the table, taking into account the available budget.

**Items 6 and 7**

The Application funded by NMC gives both timed\schedule and budget and is presented as background documentation.
