2. Adoption of Agenda

3. Conservation and Management Measures for Whale Stocks

NAMMCO/28/MC/05: *Recent Proposals for Conservation and Management and Research Recommendations*

NAMMCO/28/MC/06: *Summary of Requests from the NAMMCO Council to the Scientific Committee and Responses by the Scientific Committee*

NAMMCO/28/07: *Report of the 26th Meeting of the Scientific Committee*

- *The Chair of the Scientific Committee (SC) will report information on each species from the last SC meeting on the basis of document NAMMCO/28/07 "Report of the 26th Meeting of the Scientific Committee". This document is therefore relevant for all species under agenda item 3.*
- *New proposals and recommendations from the Scientific Committee to the Management Committee will be presented, as outlined in document NAMMCO/28/MC/05 "Recent Proposals for Conservation and Management and Research Recommendations".*
- *The SC Chair will also present information on the Scientific Committee's responses to ongoing or standing requests for advice from Council.*
- *The requests from Council are numbered using the format R-1.2.3. The request numbers relevant to each species/item are listed below while the text of the request can be found in the document NAMMCO/28/MC/06 "Summary of Requests from the NAMMCO Council to the Scientific Committee and Responses by the Scientific Committee".*
- *Documents NAMMCO/28/MC/05 and NAMMCO/28/MC/06 are relevant to all species under agenda item 3. Both documents contain two sheets of information within one excel file. One sheet contains only active proposals or requests, while the second contains a list of completed or archived proposals and requests.*
- *The Management Committee will discuss updates from the member countries on the proposals for conservation and management measures under each species and if agreed upon, propose new measures.*
