

MANAGEMENT AREAS ASSESSMENT STATUS 2019

Species	Regions	Management Areas /Sub-Areas of Direct Relevance to NAMMCO (Blue = Unit shared between NAMMCO and non-NAMMCO countries)	Resource Utilised By (P= protected)	Year of Last Assessment (the year of NAMMCO SC's last assessment, unless another body is specified)
Common minke whale	Western Atlantic (W)	West Greenland (WG)	GL	IWC 2018
	Central Atlantic (C)	East Greenland (CG)	GL	IWC 2018
		Iceland Pelagic (CIP)	IS	2017
		Icelandic Coastal (CIC)		2017
		Western (CM)		2017
	North East Atlantic (E)	Svalbard-Bear Island West (ES)	NO	NORWAY
		Eastern Barents Sea (EB)		
		Eastern Norwegian Sea (EW)		
		North Sea (EN)		
Fin whale	West	West Greenland (WG)	GL	IWC 2018
	Central	East Greenland coastal (EGC*)	P	2017
		East Greenland - West Iceland (EGO* + WI)	IS	
		East Iceland & Faroes (EI+F)	P	2017
	East	Norwegian and Barents Seas (N+W)	P	none
Humpback whale	North Atlantic	West Greenland	GL	2017
		East Greenland coastal	P	none
		Iceland/Faroes		
		Norwegian and Barents Seas		

Sei whale	North Atlantic	West Greenland	P	none
		Iceland-Denmark Strait		
		Eastern Atlantic		
Blue whale	North Atlantic	Western North Atlantic	P	none
		Eastern North Atlantic		
Bowhead whale	Arctic	Baffin Bay - Davis Strait	GL	IWC 2018
		Spitsbergen	P	none
Sperm whale	North Atlantic	North Atlantic	P	none
Bottlenose whale	North Atlantic	North East Atlantic	GL + (FR)#	1995
Narwhal	Baffin Bay	Smith Sound	GL	2017
		Jones Sound	GL + CA	2017
		Inglefield Bredning	GL	2017
		Melville Bay	GL	2017
		Eastern Baffin Island	GL + CA	2017
		Eclipse Sound	GL + CA	2017
		Admiralty Inlet	GL + CA	2017
		Somerset Island	GL + CA	2017
	East Greenland	Northeast Greenland	P	P
		Scoresby Sund	GL	2019
		Kangerlussuaq		2019
		Tasiilaq		2019
	Svalbard	Svalbard	P	none
Beluga	Eastern High Arctic - Baffin Bay	North water + West Greenland	GL + CA	2017
	Svalbard	Svalbard	P	none

Killer whale	North Atlantic	West Greenland	GL	none
		Central and North East Atlantic (possibly 2 units: East Greenland - Iceland - Faroe Islands - Scotland & Norway)	GL	none
Long-finned pilot whale	North Atlantic	West Greenland	GL	catch sus ass^ 2012
		East Greenland	GL	none
		Iceland - Faroe Islands	FR	1997, catch sus ass^ 2012
		Norway	P	none
Harbour porpoise**	North East Atlantic	Greenland	GL + by-catch	2018
		Iceland	P, but by-catch	(2017 IWSHPNA)
		Faroese	FR	(2017 IWSHPNA)
		Barents Sea-Lofoten	P, but by-catch	(2017 IWSHPNA)
		Coastal Lofoten-62N	P, but by-catch	(2017 IWSHPNA)
		North Sea	P, but by-catch	(2017 IWSHPNA)
White sided dolphin	North Atlantic	Greenland	GL	none
		Iceland - Faroe Islands	(FR)	none
		Norway	P	none
White beaked dolphin	North Atlantic	Greenland	GL	none
		Iceland - Faroe Islands	FR	none
		Norway	P	none
Bottlenose dolphin	North East Atlantic	Faroese	FR	none

*C= coastal, O=offshore

= animals that strand or come very close to shore can be killed from shore and used

^catch sus ass = not a full formal assessment but an assessment of the sustainability of the present catch level

** For harbour porpoise by-catch is noted as this is the biggest concern for that species in most areas

IWSHPNA = International Workshop on the Status of the Harbour Porpoise in the North Atlantic (informal assessment)
